If Soap-makers don't keep sufficient Scales and Weights, or don't permit and assist the Officers in using them for weighing their Soap, they forfeit 10 l.

The Officers are to be permitted by gauging or weighing to take Account of all Materials for making Soap, and after upon missing such Materials may charge the Maker with as much Soap as such Materials, in the Officers Judgment, would have made, not exceeding fourteen Gallons of Ingredients for every Barrel, and so proportionably.
